Description

A sturdy piece of furniture with legs that widen toward the footrest. Albert is a refined version of the iconic English pub stool which inspired it.

Through a lifecycle analysis with a focus on mass and energy the CO2 emissions from the production has been calculated to 0.0782 KG of CO2. Read more in our Transparency Page.

Lead time 6 weeks.

Information

Year: 2010

Certificates:

Möbelfakta Certified.

Instructions

For cleaning of wooden surfaces, advantageously use a detergent, or mild pH neutral detergent and lukewarm water in a well wrung cloth. Then wipe off with clean water and wipe dry. To preserve the look and finish you should be aware not to use: – Alkaline or aggressive cleaners, – Solvent – Preparations containing abrasives, – Abrasive tools. Remember not to let the cleaners or other liquids on the surface for long. For furniture and surfaces for use in public spaces, it is also important to remember not to use disinfectants that contain a high concentration of alcohol or alkaline substances, such as 70% alcohol. There are disinfectants that can be advantageously used, but that does not affect the painted / varnished surface appreciably. Note that freshly painted surfaces are susceptible to scratching. Surface final resistance is only achieved after about a month. Tape and other foreign substances such as, for example, adhesive and moisturizers can soften the treated surface and cause peeling /paint drop. For cleaning of the fabric/leather, see instructions related to the specific fabric/leather in use.
