Description

The Odette series comprises bar stools and tables, suitable for hotels, restaurants and homes. The pedestal table system is built on a powder coated steel base with tops in a large variety of shapes, sizes and heights. The bars stools have matching bases and foot rests, and upholstered cushions.

Lead time 9 weeks.

Instructions

For cleaning of metal surfaces: Rinse with large quantities of water. Clean with wetting agent solution and use a sponge or soft cloth. Post-rinsing and drying. Specific instructions based on type of soiling: Greasy film can be removed with a concentrated wetting agent solution, alcohol or surfactant, after allowing the solution some time to break down the film before removing. Unidentifiable, stubborn dirt can be treated with facade cleaner (e.g., Ambruch2 [www. ambruch.de](http://www.ambruch.de)) or Power Wipes [www.interflon. net](http://www.interflon.net). Note: Special care should be taken with coatings that have a metallic, pearl mica or matte effect. The specific methods listed here should be tested accordingly for possible damage to the surface. For cleaning of the fabric/leather, see instructions related to the specific fabric/leather in use.
